MERCHANT SHIPPING

New Delhi, the 25th November 1969

G.S.R. 2703.—In exercise of the powers conferred by clauses (a), (b), (c) and (d) of section 87 of the Merchant Shipping Act, 1958 (24 of 1958), the Central Government hereby makes the following rules further to amend the Merchant Shipping (Examination of Engineers in the Merchant Navy) Rules, 1963, namely:—

1. (1) These rules may be called the Merchant Shipping (Examination of Engineers in the Merchant Navy) Amendment Rules, 1969.

(2) They shall come into force on the date of their publication in the Official Gazette.

2. In the Merchant Shipping (Examination of Engineers in the Merchant Navy) Rules, 1963 (hereinafter referred to as the said rules), after rule 7, the following rule shall be inserted, namely:—

1. Holder of a sea-going Engine Driver's Certificate of Competency.—A candidate who holds a seagoing Engine Driver's Certificate of Competency issued under section 78 shall be eligible to appear at the Examination for Second Class Certificate of Competency subject to the following conditions, namely:—

(a) that the candidate has performed workshop service of two years in a marine workshop or compensatory service at sea in accordance with rule 14 in lieu of the said two years of workshop service, and

(b) that he has completed in addition to the service mentioned in clause (a), the sea service as required under rule 15".

3. For rule 8 of the said rules, the following rules shall be substituted, namely:—

"8. Graduate Engineers.—(1) A candidate who holds a degree either in Mechanical Engineering or in Electrical Engineering of a recognised University, the full time course of study of which has been approved by the Central Government under rule 62, shall be eligible to appear in the examination for Certificate of Competency as Second Class Engineer subject to the provisions of sub-rule (2), (3) and (4)

(2) Any such candidate who holds a degree in Mechanical Engineering shall produce evidence to the satisfaction of the Chief Examiner of having performed workshop service in a marine workshop, after obtaining his degree, for a period of not less than eight months:

Provided that where a candidate has performed such workshop service for lesser period but not for less than four months, he may be permitted to make good the deficiency in workshop service by service on day work or on regular watch on board a sea-going ship in the Merchant Navy in the ratio of 3 months sea service equalling 2 months workshop service.

(3) Any such candidate who holds a degree in Electrical Engineering shall produce evidence to the satisfaction of the Chief Examiner of having performed workshop service in a marine workshop, after obtaining his degree, for a period of not less than twelve months:

Provided that where a candidate has performed such workshop service for lesser period but not for less than six months, he may be permitted to make good the deficiency in workshop service by service on day work or on regular watch on board a sea-going ship in the Merchant Navy in the ratio of 3 months sea service equalling 2 months workshop service.

(4) Every such candidate shall produce evidence to the satisfaction of the Chief Examiner of having completed sea service as required under rule 15.

8A. *Diploma Holders*.—(2) A candidate who holds a diploma in Mechanical Engineering of a Board of Technical Education of any State Government, the full time course of study of which has been approved by the Central Government under rule 62, shall be eligible to appear in the examination for Certificate of Competency as Second Class Engineer subject to the provisions of sub-rules (2) and (3).

(2) Any such diploma holder shall produce evidence to the satisfaction of the Chief Examiner of having performed workshop service in a marine workshop, after obtaining his diploma, for a period of not less than eighteen months:

Provided that where a candidate has performed such workshop service for a lesser period but not for less than six months, he may be permitted to make good the deficiency in workshop service by service on day work or on regular watch on board a sea-going ship in the Merchant Navy in the ratio of 3 months sea service equalling 2 months workshop service.

(3) Every such candidate shall produce evidence to the satisfaction of the Chief Examiner of having completed sea service as required under rule 15⁷.

4. For the first para of rule 14 of the said rules, beginning with the words "Where candidates perform" and ending with the words "on day work at sea", the following para shall be substituted, namely:—

"Where candidates perform workshop service prescribed in rule 7, 7A, 8, 8A, 9, 10 or 11, deficiencies in such service as assessed by the Chief Examiner shall be made up either by further workshop service of a suitable nature or by compensatory service on regular watch or on day work at sea. The extent to which the deficiency in workshop service is to be made up shall be decided by the Chief Examiner".

5. For rule 39 of the said rules, the following rule shall be substituted, namely:—

"39. *Physical or mental defects*.—If the Examiner of Engineers finds that a candidate is afflicted with deafness or with some other physical or mental infirmity and is satisfied that the degree of infirmity is such as to interfere with the proper performance of the candidate's duties, he shall report the case with full particulars to the Director-General of Shipping".

6. For sub-rules (1) and (2) of rule 62 of the said rules, the following sub-rules shall be substituted, namely:—

"(1) The Central Government has approved certain courses of instructions leading to Degrees in Engineering, offered by the Institutions given in Appedlx I. The courses in Engineering leading to a degree offered by other institutions and recognised under sub-rule (2) shall be added to Appendix I from time to time. Candidates may obtain information regarding recognition of courses offered by an Institution from any office of the Mercantile Marine Department.

(2) The Central Government may also recognise courses leading to a University Degree or Diploma in Engineering awarded in India or other countries abroad provided evidence is produced to the satisfaction of the Central Government as to the suitability of the courses. Candidates may also be allowed either complete or partial exemption from Part "A" of the examination for the First and Second Class Certificates of Competency, if they satisfy the Central Government that they have obtained suitable degree or similar qualifications in appropriate subjects from a recognised University or place of Higher Education".

7. For clause (a) of rule 64 of the said rules, the following clause shall be substituted, namely:—

"(a) (i) Graduates in Mechanical Engineering from recognised institutions shall be granted exemption from the whole of Part "A" of the examination for Certificates of Competency as Second Class or First Class Engineers.

(ii) Graduates in Electrical Engineering from recognised Institutions shall be granted exemption from Sections (i), (ii) and (iii) of Part "A" of

the examination for Certificate of Competency as Second Class Engineer and from Section (i) of Part "A" of the examination for Certificate of Competency as First Class Engineer.

- (iii) Holders of Diplomas in Mechanical Engineering from recognised Boards of Technical Education of State Governments shall be granted exemption from Section (iii) of Part "A" of the examination for Certificate of Competency as Second Class Engineer.
- (iv) An alternative Training Scheme apprentice who fails to pass the examination for the Ordinary National Diploma but who has passed in three of the four subjects common to the diploma and Part "A" of the examination for Certificate of Competency as Second Class Engineer shall be granted exemption from the said examination in the subjects in which he has passed in the Diploma examination.
- (v) A candidate who has passed with mathematics the Intermediate Examination or First Year B. Sc. Degree Examination of a recognised Indian University or a similarly approved course to the satisfaction of the Chief Examiner shall be granted exemption from Section (iii) of Part "A" of the examination for Certificate of Competency as Second Class Engineer".

8. After Appendix H to the said rules, the following Appendix shall be inserted, namely:—

(Department of Industrial Development) (Central Bolders Board)

New Delhi, the 28th November 1969

G.S.R. 2708.—The following draft of certain regulations further to amend the Indian Boller Regulations, 1950, which the Central Bolders Board proposes to make in exercise of the powers conferred by section 28 of the Indian Bolders Act, 1923 (5 of 1923), is hereby published as required by sub-section (1) of section 31 of the said Act, for the information of all persons likely to be affected thereby and notice is hereby given that the said draft will be taken into consideration three months from the date of publication of this notification in the official gazette.

Any objections or suggestions which may be received from any person with respect to the said draft within the period so specified will be considered by the Central Bolders Board. Such objections or suggestions should be addressed to the Secretary, Central Bolders Board, Ministry of Industrial Development, Internal Trade and Company Affairs (Department of Industrial Development), Udyog Bhavan, New Delhi.

Draft Regulations

1. These regulations may be called the Indian Boiler (Amendment) Regulations 1969.

2. In the Indian Boiler Regulations, 1950, for regulation 352, the following regulation shall be substituted, namely:—

“352—Copper pipes:—(a) The material shall comply with regulation 35.

(b) Copper pipes may be used for maximum design pressures and temperatures as given in the Table below:—

TABLE

Maximum Design Pressures and Temperatures for Copper pipes

Material	Nominal size	Maximum design pressure	Maximum design temperature.	Form
Solid drawn copper pipes (steam)	Up to and including 127 mm	17.5 kg/cm ²	207°C	Straight or bend
	Above 127 mm and including 203 mm.	12.3 kg/cm ²	207°C	
Solid drawn copper pipes (feed)	Up to and including 203 mm.	21 kg/cm ²	149°C	

(c) Copper pipes shall not be used for superheated steam.

(d) The maximum working pressure on such pipes shall be determined by the following formula:—

$$WP = \frac{2 \times s \times t}{D - t} \quad \text{Eqn. (93)}$$

where $WP =$ working pressure in kg/cm²

$t =$ minimum thickness of tubes that is nominal thickness less than the permissible negative tolerance in mm.

$D =$ outside diameter of pipe in mm.

$s =$ maximum permissible design stress at the appropriate maximum design temperature in kg/mm²

(See the Table below)

Maximum Design Stress Value of s for copper pipes (in kg per sq. mm.)

Maximum design stress for temperatures not exceeding				
66°C	121°C	149°C	177°C	207°C
4.9	4.31	3.5	2.66	1.75

NOTE:—

Where the conditions of service are such that corrosion, erosion or mechanical damage to the surface of tubes may occur, an appropriate thickness allowance shall be added to the minimum thickness of the tube”.

CENTRAL EXCISES

New Delhi, the 6th December 1969.

G.S.R 2731.—In exercise of the powers conferred by sub-sections (2) and (3) of section 3 of the Central Excises and Salt Act, 1944 (1 of 1944), and in supersession of the notification of the Government of India in the Ministry of Finance (Department of Revenue) No. 88/64-Central Excises, dated the 11th April, 1964, the Central Government hereby fixes for electric motors specified in column 2 of Table I, Table II and Table III hereto appended and chargeable with duty *ad valorem* under Item No. 30 of the First Schedule to the said Act, the tariff values specified in the corresponding entry in column 3 of the said Table I, Table II or Table III, as the case may be:

Provided that the tariff values for any motor included in the said Tables I, II and III shall also apply *mutatis mutandis* to intermittent electric motors, that is to say, motors for short time rating, if the horse power rating indicated; thereon by the manufacturer on test proves to be correct:

Provided further that nothing contained in this notification shall apply to the following special motors (whatever may be their ampereage and voltage or voltage and horse power), namely:—

- (i) variable speed motors;
- (ii) dual speed or multi-speed motors; and
- (iii) traction motors.

(1) abbreviation—

(a) "R.P.M." means Revolutions per minute ;

(b) "H.P." means Horse Power ;

(2) H.P. is equivalent to 0.7457 Kilowatts but motors marked in Kilowatts by conversion H.P. is equivalent to 75 Kilowatts shall be accepted as being of appropriate H.P., provided the manufacturer declares that the marking is for the purpose of rounding off the figures in accordance with ISI requirements; and

(3) the output mentioned in this notification, that is, Horse Power ranges, corresponds to continuous rating, provided that in the case of motors which are not continuously rated, an equivalent continuous rating shall be deemed to be the output.
